Cost: FREE

Light refreshments & lunch provided.

Seats are limited!

Please RSVP to Clay at ctang@chimoservices.com

This workshop presents an alternative approach to work with ‘suffering’, from a decolonizing anti-oppression stance, which focuses on the resistance of victims of violence and oppression, as opposed to attending primarily to the details and effects of the events, which can be harmful for both the person and the front-line worker. Resisting neutral and medicalized language, we will name poverty, racism, rape culture and other systemic contexts of social injustice.
